## WORK EXPERIENCE

---

### Front-End Developer (Intern)

Sep 2023 – Sep 2024

PureJim Limited, Lagos, Nigeria (Remote)

- Collaborated with a cross functional team to design and develop a comprehensive school management software, prioritizing efficiency, usability and security.
- Developed a wedding planning web app for couples, allowing them to share wedding details and manage gift registries seamlessly.
- Worked with a team of engineers to transform high flexibility designs into functional and dynamic web application that met customer requirements using agile framework.

### Quality Assurance Engineer (Intern)

Sep 2023 – Feb 2024

Lendastack, Lagos, Nigeria (Remote)

- Conducted manual and automated testing to identify bugs and ensure software functionality aligned with requirements.
- Analyzed product features and recommended changes to enhance them, to make them more efficient and user friendly
- Planned, created and carried out test cases on the LendaStack software.
- Worked closely with the product development team to ensure timely delivery of products and verified that the final product meets the Acceptance Criteria

## EXTRACURRICULAR ACTIVITIES

---

### Programming Facilitator

Feb 2023 – Present

Ononiwu Foundation in Lagos, Nigeria

- Facilitated programming workshops for **15+** teenagers, teaching foundational coding concepts.
- Introduced **90%** of students to HTML and CSS for the first time, guiding them through practical exercises and projects.
- Achieved a **65%** completion rate, with students successfully building their first web page by the end of the workshop

### Events Coordinator

Jan 2023 – Aug 2023

Google Developers Students Club, Lasu Chapter

- Organized and held virtual events to foster participation within the school tech community.
- Promoted events using different platforms and ensuring that school tech community is aware of upcoming activities.
- Handled the scheduling of events, ensuring that they do not clash with other school activities.
